English The children will be continuing their drawing club sessions from reception. We will have a focus book each week, generate codes and write a sentence.	**Maths** In maths we will then be building on our understanding of place value within 10 and understanding how numbers are made. Children will be counting forward and backwards from 10. They will begin to add and subtract within 10 and learn how to use part part wholes.

History In Black History Month we will be exploring the country Trinidad and Tobago. We will use Floella Benjamin as our significant person and look at her journey into becoming the successful author and TV presenter she is.	**DT** The children will be learning about the designing, making and evaluating cycle. They will be using this to make pencil pots.	**PE** In PE this term we will be starting gymnastics. The children will learn a range of jumps and rolls. Then link these together to make a sequence.	**Computing** Children will be learning about the technology around us. We will be learning to use laptops. We explore the paint program. We also will be thinking about why it is important to be kind and considerate when online.
	Forest School We will be making stick dolls in forest school this term using peelers. We will also have time to explore by building dens, bug hotels and enjoying our outdoor spaces.	**PSHE – Being me in my world** The children will take part in circle time each week. We will be thinking about how we feel special and safe in school, our rights and responsibilities and the things we do to make ourselves feel proud.	**RE** In RE we will be looking at the creation story from the point of Jewish, Hindu and Christian people. We will then explore what different faiths believe about God.
